**ARTÍCULO**

MIG / MAG EASYMIG 130 GAS / NO GAS / MMA WITH ACC.

**DESCRIPCIÓN**

Easymig 130 is a semiautomatic equipment that combines MIG / MAG welding processes, coated thread and MMA. By means of its intuitive interface, the voltage and thread speed adjustment is easier. Ultra-light: Very easy to transport. The Easymig 130 is recommended for steel welding, stainless steel and an aluminum casually.

**ARTÍCULO**

MIG / MAG EASYMIG 130 GAS / NO GAS / MMA WITH ACC.

**DATOS TÉCNICOS**

Voltage	230V/F1
Fuse	16 Amp.
Open circuit voltage	62 Volt.
Welding	MIG / MMA
Welding current range	30 - 120/20 - 100 AMP.
Servicio EN60974-1 (40°C)	120 @ 20% - 70 @ 60% / 100 @ 20% - 60 @ 60% AMP.
Usable electrodes	1.6 - 3.2 Ø mm.
Antorcha EURO	SI
Compatible generator	- KW / kVA.
Weight net-gross	10.5 / 12 kg.
Dimensions	430x420x190 mm.
