**ARTÍCULO**

Dryer TDRY 12 - 230V / 50HZ / F1 \* 1200 L / min. Connection 1/2 "

**DESCRIPCIÓN**

The new TDRY series, thanks to the high efficiency of the drying module and the limited pressure drop, ensures a sensitive reduction in energy consumption and the cost of the exercise. The main advantage it offers is a limited pressure drop, also under extreme load conditions and an extremely constant dew point (3 ° C), also by varying the operating conditions. Other models on demand up to 35,000 LTS / minute.

**DATOS TÉCNICOS**

<b>Alimentación</b>	230V/F1
<b>Gas flow of 1.2 bar</b>	1.200
<b>Differential pressure</b>	0,12 m.bar
<b>Connecting tool</b>	"1/2" ""

<b>Peso Neto/Bruto</b>	240 Kg.
<b>Dimensiones</b>	325x430x445 mm.
